

One Child

One Hour

One Church

One School

For 20 years [Kids Hope USA](https://www.kidshopeusa.org/) has been partnering churches and schools together to make a difference in the lives of at-risk elementary school students.

Central Presbyterian Church is a partner with Deming Elementary School!

Church members have served as mentors to students at Deming, meeting with one child, once per week for the school year. Mentors are also served by prayer partners—other members committed to pray for both the mentor and the well-being of the child being mentored. There is also a roster of substitute mentors to help when the inevitable schedule conflicts arise.

YOU can make a difference! For more information about how, contact our program coordinator, Suzanne Downs at Suzanne@thcpc.org.
